

EasyWorker[®] master 1812

e(sign).
moving ideas ...

The EasyWorker master 1812 is the ideal milling machine for beginners, as well as for performing work that does not require a large work surface, such as mould construction (in the car industry) and sealing.

Machine	Working area	1800 x 1200 x 200mm
	Machine dimensions	2240 x 1725 x 1700mm
	Weight	800 Kg
Machine specifications	Location precision	0,02mm
	Repetition precision	+/- 0,005mm
	Speed	13.000mm/min
	Traverse system	Precision linear guides
	Drive	Ballscrew
	Motor	Stepper motors
	Vacuumtable	2in1 Hybridtable (PVC)
	Controller	Stepper controller
	Data format	G-Code / HPGL
	Control	Control station
Power supply	3 Phases / 1 Phase	400V / 230V
Optional equipment e.g.	HSD spindle motor	Highfrequency spindle
	Mist sprayer	Oscillating knife
	Tangential knife	Vacuum pump Elmo Rietschle
